TIPS & TRENDS FOR PLANNING YOUR NEXT BIG EVENT

Virtual/Hybrid events are here to stay and social distancing is key, but guests still want a fun & interactive experience - how do you find a balance? We'll walk you through our tips & tricks for any event.

PLAN EARLY

Rescheduled events and supply chain issues will make inventory scarce.

SANITATION STATION

Make sanitation easily accessible with crucially placed hand sanitizer stands.

MIX IT UP

Offer guests mixed seating options for any comfort level.

SUSTAINABILITY STAYS

Avoid disposables and upgrade to your favorite china.

SET IT UP

Make your virtual or hybrid event top-notch with a beautiful set backed by our boxwood walls (& your branding).

YOUR NAME IN LIGHTS

Branding is key. Splash your logo (or your sponsors'!) on easels, clings on acrylic chairs, Boxwood Walls or custom Harpeth Bar inserts.

EVENTS ARE BACK

We're here to help you create a safe & fun event! Contact our team to start planning.
